Volunteer Recognition Program

The club support fee has been abolished as of August 2019. Instead, club members will be asked to donate their time as best they can to fulfill the volunteer requirement of running a not-for-profit organization. The club will implement a volunteer recognition program (subject to change year to year based on its effectiveness) to thank all volunteers for their contributions.

Each curling club member is encouraged to sell a minimum of 5 cash calendar books per season to assist in annual fundraising efforts used to offset league and membership fees.
